Dr. Robert Greene Sands
The Pamlico Rose Institute for Sustainable Communities
PO Box 264
Washington, North Carolina 27889

Dear Dr. Sands:

Thank you for taking the time to come to Washington D.C. to discuss the work you are doing with the Pamlico Rose Institute. I regret that the House schedule interfered with our meeting, but my military legislative assistant, Colonel Raymond Celeste, briefed me on the issues you covered with him and the good work you are doing in Washington, NC.

It makes me proud to know people like you are making a difference in helping our veterans with their housing needs, and at the same time restoring some of our unique historical buildings. Thank you for your dedication and service to our community and veterans in Eastern North Carolina. Should you need anything in the future, please do not hesitate to contact my office.

Sincerely,

A handwritten signature in black ink that reads "Walter B. Jones". The signature is written in a cursive style with a prominent "W" and "J".

Walter B. Jones
Member of Congress
